

Ladies,

Which is more important? Which do you desire more?

Or is it both?

What's holding you back from getting what you want? Are you claiming your too tired to put any effort into getting what you want?

Are you having trouble communicating what you want? Is your partner just plain hopeless? Does he know how to give you what you want?

Do you desire to have him romance you regularly? When is the last time you felt special, needed, wanted and desired by your partner?

It's time to get what you want and how you want it? The best part is you don't even have to ask for it. He will just do it!

Do you remember when he would take you out, bring you flowers, cards, gifts etc! He would open the door, help you with your coat, not burp or fart in front of you! Oh the good ole days! Ladies I can bring those days back. I can get him to do all those things and more and he will love it too.

I can get him to give you the foreplay that you need want and desire. I can get him to surprise, shock and treat you like the goddess that you are!

Out goes your worn out tired old husband/partner, in comes the new and improved most romantic man on the planet! Ha you laugh! No I have proof! It can and will happen, "I've done it to the most unresponsive, laziest couch potato men in the world."

Of course ladies he will need some attention to it's only fair. I believe if the men get what they want and you get what you want it's a WIN-WIN.
