Place dinner plates at the center of the setting with a soup bowl on top of the dinner plate. Dinner knives go to the immediate right of the plate, and the soup goes to the right of the knife. The salad fork goes to the immediate left of the plate followed by the dinner or main course fork. The butter knife and bread and butter plate is placed at the upper left side of the dinner plate. At the top of the dinner plate is the dessert fork, and to the right of that is the place for water and wine glasses. Please purchase on online <http://www.etabletop.com>
