

Review of the Korn CD Untouchables

I can describe the latest release from Rock super group Korn for you with just one word... Outstanding!

Refreshingly, this was one of those CDs I was able to just pop in and comfortably listen to from beginning to end. Every track is enjoyable and was pretty easy for me to listen to from start to finish.

Untouchables has a pleasantly varied, mix of 15 tracks that are very well written and brilliantly performed songs by these clearly talented musicians. With many of the songs displaying a lot of the kind emotion that makes for a really great listen. Seemingly drawing from what I can only imagine are their own personal experiences. At different points touching on the most real emotions of love, and the pain of failed relationships can certainly be heard.

Listen to this CD and I believe you'll find there's not much to dis-like about it. The songs are inspired, the production is simply outstanding, and this is clearly the work of a group of musicians in top form. So much so that if you're even mildly into Rock music you'll enjoy this album.

While this entire album is outstanding some of my favorites are track 5 - Bottled Up Inside, track 8 - One More Time, and track 15 - Here To Stay

My Bonus Pick, and the one that got Sore [...as in "Stuck On REpeat"] is track 1 - Here To Stay. Good stuff!
