

## My Space Tweaks- treasure is open

Ever wondered how that site will look which will offer you loads of pictures, codes, layouts and loads of such stuff at one stop. No I am not showing you any rosy picture but I am offering you the truth. The one stop shop which you are looking for is here, we call it [myspacetweaks.info](http://myspacetweaks.info). Rush log onto it and find what's in store for you. Search through the pages and you will find the utilities endless and very useful.

My Space Tweaks is like a sea of such nibbles which you consistently search for but fail to find. Not only the small things but this particular site provides you with a load of utilities which you won't find anywhere else. To start with this site is a treasure when it comes to –backgrounds, cursors, layouts, codes etc. Apart from this you can also find many other utilities such as Funny Bulletins, Contact Tables, Premade Layouts, Comment Images, Picture Cube Generator, Crazy Clock Generator, Profile Mp3 Player, Glitter Text Factory, Count Down Timer, Myspace Love Note Generator, Myspace Wall Calendar Generator, For Dummies Book Cover, MySpace LED Scroller, Myspace Train, Glitter Graphics etc.

You can also use the pre-made layouts or can download the layout generator or you can simply choose from the various themes of layouts available on the site. For the webmasters as well as general users many interesting generators are also made available such as Background, Contact Tables Comment Box, Extended Network, Falling Objects, Layout Generator, Navigation Bar, Online Now, Overlapping Text, Scrollbar Colors, Where Me etc. At the same time you can use many other utilities such as Center your Profile, Comment Images, Hide Extended Network, Hide Contact Box, Hide Details Section, Hide General Info, Hide Last Login, Hide Only Your Friends, Hide the Search Form, Hide Friends, Move Contact Box, Remove Links, Remove the URL Box, Reverse Friends, Scroll Content Boxes, Scroll Friends, View More Pictures.

There are also a number of codes given on this site which the users can download. These include Color Chart, Game Codes, Hover Codes, Image Codes, Marquee Codes, Special Characters, Miscellaneous Codes etc. Plus there are lot more features in this website which are updated daily. Along with that the downloading time of the pages has been kept low to help the users while using this site. Efforts have also been given to make it as user friendly as possible which reflects in its design. So overall it is a one stop shop where you can find the maximum utilities we are sure you won't find anywhere else. Log on today to experience it. And it is for sure that you will certainly benefit from these treasures of utilities you will find on My Space Tweaks.
