You can read and enjoy some o of the funny computer jokes below:

-----

A woman called tech support and said her computer couldn't find the printer. The tech asked, "Are you working under windows?" The woman replied "no I'm near the door but the guy in the next cubical is working under a window and his printer works fine."

-----

A new employee calls the Help desk to complain that there's something wrong with her password. No, it's not the usual caps-lock problem.

"The problem is that whenever I type the password, it just shows stars," she says.

"Those asterisks are to protect you," the Help Desk technician explains, "so if someone were standing behind you, they wouldn't be able to read your password."

"Yeah," she says, "but they show up even when there is no one standing behind me."

-----

There was once a young man who, in his youth, professed his desire to become a great writer.

When asked to define "great" he said, "I want to write stuff that the whole world will read, stuff that people will react to on a truly emotional level, stuff that will make them scream, cry, howl in pain and anger!"

He now works for Microsoft, writing error messages.

-----

The above jokes were some of the funny computer jokes to entertain you. For more funny stuff regarding it, you can find huge collection of funny computer jokes on web.
