How about the opportunity to get a free life time membership to a company with a program that makes sense. It has the right products at the right prices, the right market (everyone) the right advertising and a pay that includes a 100 matching bonus on what ever the people you refer earn.

The best part is you get people who want . Once they see our rewards program they tell their friends and family. Since you referred the customer not only will you be paid on what they buy but on what the people they refer buy.

Since the customer received reward cash on the people they referred and since you sponsored them we will match it with a Bonus Check for you. Lets say you earned several hundred dollars in sales and lets say you referred 100 members.
