

Wealth Masters International and Carbon Copy Pro. Read this before you join!

If you've read some of my other reviews you'll know that I am not connected with [Wealth Masters International](#) or [Carbon Copy Pro](#) in any way. My review is the result of internet research and contact with the company employees or its affiliates.

If you're considering a home based business and you're asked to make a list of 100 family and friends to approach, then you're probably in the wrong place. Anyone who's been in the Network Marketing business for some time will remember most of these:

" Chasing friends, family or relatives for your initial 'sale'

" Attending Hotel business meetings with people standing on their chairs clapping and creating "rah rah"

" Preaching useless hype, cliché's or broken promises

" Chasing, begging, selling or convincing anyone why they should get involved with their business, i.e.: the '3 foot' rule.

No wonder 97 percent of the people who open a Home Based Business fail. Many of the products and services offered had no inherent end value and people were being sold things they really didn't need. Step one for any businessperson is to find a product or service that someone else wants.

[Wealth Masters International](#) offers a menu of financial education products. This is a partial list overview of what [WMI](#) offers:

1. Personal Financial Analysis and Debt Management: complete plan to eliminate debt as quickly as possible and repair credit quickly.
2. Minimize Taxes & Increase Cash Flow: top rated tax experts are available to members to lower taxes legally, ethically and effectively within weeks.
3. Insurance Analysis: After death and taxes, the one constant is insurance. The [WMI](#) consultants ensure you get the best use of your premium dollar.
4. Build Long Term Wealth: discounted health care and personal empowerment programs are included with membership.
5. Other programs...

Many people pay Huge Sums to attend seminars to acquire what [Wealth Masters International](#) provides to its members for one enrollment fee (\$2,000-\$12,000). Their goal is to change the mindset of 'People will chase money before they chase education'. They really want to make all their members wealthy...for LIFE.

[WMI](#) recently joined forces with [Carbon Copy Pro](#) to create a business model to eliminate the home based entrepreneur from the role of 'salesman'.

Most (if not all) home based entrepreneurs dread the sales process. After looking at the above 'history list', we can see why. [Carbon Copy Pro](#) offers a 'brand' and a system that will have professional marketing people take care of the sales process for the home based entrepreneur. This is priceless as the people making these contacts are Six Figure Plus Earning Businesspeople. What company has this quality of people doing their sales calls? If you are aware of one, please contact me!

One group of [Wealth Masters International](#) consultants have joined together to form the [Six Figure Mentor Winners Team](#). (<http://YourSixFigureWealth.com>). All the members of this team are experienced online marketers earning at least Six Figure Incomes. The cliché being 'Why would you ask someone making \$20,000 a year how to make \$100,000 plus?' This group will prove their incomes to anyone interested in enrolling with them. A few things they offer to their new marketing consultants:

1. Enhanced back office website with Video Tutorials available 24/7
2. One on One coaching upon request.
3. Live Webinars when needed (1 on 1)
4. Access to software to leverage time in creating a web presence
5. Enhanced webpages and autoresponders read made
6. Successful Marketing System with action steps
7. SEO experts a phone call away
8. Experienced Online Marketing Advice of known successful techniques

During my contact with them I was told that 80 percent of their advertising is done with FREE methods.

This triad of [Wealth Masters International](#), [Carbon Copy Pro](#) and the [Six Figure Mentor Winners Team](#) will probably be the catalyst to the paradigm shift in home based business. The product has value, the marketing team is top notch and the coaching from a group of Six Figure Earning mentors is priceless. This program deserves due diligence by anyone interested in opening a home based business.
