

## Telugu dreams online telugu people community and entertainment

There are various online portals available on the World Wide Web platform but there are very few that caters to a wide range of sections. The net users keep on roving for information about the local stuff from one website to another but sometimes they get hooked up with no positive results. Hence, to cater to the requirements of such people and offer them a common platform for whatever they are looking for, [www.telugudreams.com](http://www.telugudreams.com) is the perfect solution. If compared to other online portals, we can say that [www.telugudreams.com](http://www.telugudreams.com) is a place that takes special care and requirements of Telugu community. It is an online community that covers a wide range of subjects ranging from Classifieds, Money, Finance to Real Estate and Matrimonial. It caters to large section of interesting topics for Telugu natives inhabiting across the globe.

It covers gossips and news on topics ranging from latest updates, politics, entertainment, technology, health, local city events and real estate and general day-to-day news. So, whether you are looking for latest updates about any incident happening across the world or interested in knowing about the latest movie review, the website is one stop destination for quenching your thirst for news. So, if you are looking for latest happening in city, state, country or world, and wish to have a quick glance on latest updates and headlines, then this is a perfect destination for you. News and gossips related to Tollywood, Health, Sports and General updates are listed in separate categories. A column called Quirkies talks about the latest updates on the popular happenings and events in the city and world around.

Apart from covering current news and happenings throughout the globe, the online portal also comprises Telugu Forums or better known as Telugu Dreams that gives platform to the net savvy users to discuss their opinions and ideas on any topic or subject.

TeluguDreams.com has a special section for Classifieds that offers services enabling its subscribers or users to get connected with each other. Though it doesn't participate directly participate in any of the Classifieds transactions but offers the platform for the buyers and sellers to interact with each other and carry on the transactions related to sales and exchange of products and services. It offers classifieds for almost all categories, especially housing rentals, automobile, and jobs and for sale furniture and other items.

The website covers a special section which covers information related to city services like maid/household, catering, religious and wedding services. Also, information related to tickets booking, travel agents, hotels and resorts, tourist info and various holiday packages can be availed from this useful portal offering everything for the day-today use of a common man.

There is a special column for users interested in real estate information. There are different sections for sellers, buyers and brokers. In case you are looking for interior designers or property developers or contractors, then this website is surely going to be your choice. Those who are looking for rented houses or apartments or any commercial property on lease, and then they can try for the contacts or profiles of the concerned real estate agents. Apart from it, shopping goers can also avail the latest buzz on fashion, recent trends and the shopping malls and its festivals. The subscribers can also get daily and weekly schedules of radio programmes. Also, there is provision for Yellow Pages which will offer you important contact numbers and addresses for the day to day businesses.

Another important service of Telugu Dreams is its special section on Vivaaham. This is an online matrimonial service offered by [www.TeluguDreams.com](http://www.TeluguDreams.com). All you need to do is that you have to register yourself in this section and then can communicate with the prospective brides and grooms.

Also, the subscribers to the online portal can avail the facility to watch online movies which are provided free of cost. These movies can be enjoyed online but can not be downloaded.
